

THE VINES – VILLA SUITES (BIRDS)

FURNITURE PRESENTATION

We have collaborated with a series of professionals from the north of Portugal to source an all-encompassing furniture & equipment package.

The package was structured to include all essentials, so that with this package one would be ready to move in.

Priced at 13.000€ (VAT included) for the Villa Suites (upper row), the theme of these units is birds.

Not included:

Towels, sheets & pillowcases - This is provided to us by a service-provider under a rental scheme, where they combine both the rental and the washing of towels and bedding.

Washing machine - Each unit has a washing machine pre-installation ready, however we do not intend to equip the units with individual machines, as the resort has a centralized washing location. Any owner may install a washing-machine themselves if they so wish.
